

The background of the image is a light beige color. It features a faint world map with continents in a slightly darker shade. Overlaid on the map is a grid of thin, light brown lines. In the top-left and bottom-right corners, there are circular patterns resembling radar or target reticles, also in a light brown color. The text is centered and reads:

The background features a light beige grid pattern overlaid on a watercolor-style texture in shades of tan and cream. There are some darker, more saturated brownish spots and blotches, particularly in the top left and bottom right corners, giving it an aged or artistic feel.

Drawing Activity (Empathy)

Recall: When your siblings or classmates took away your toy and didn't plan to give it back to you, how did you feel?

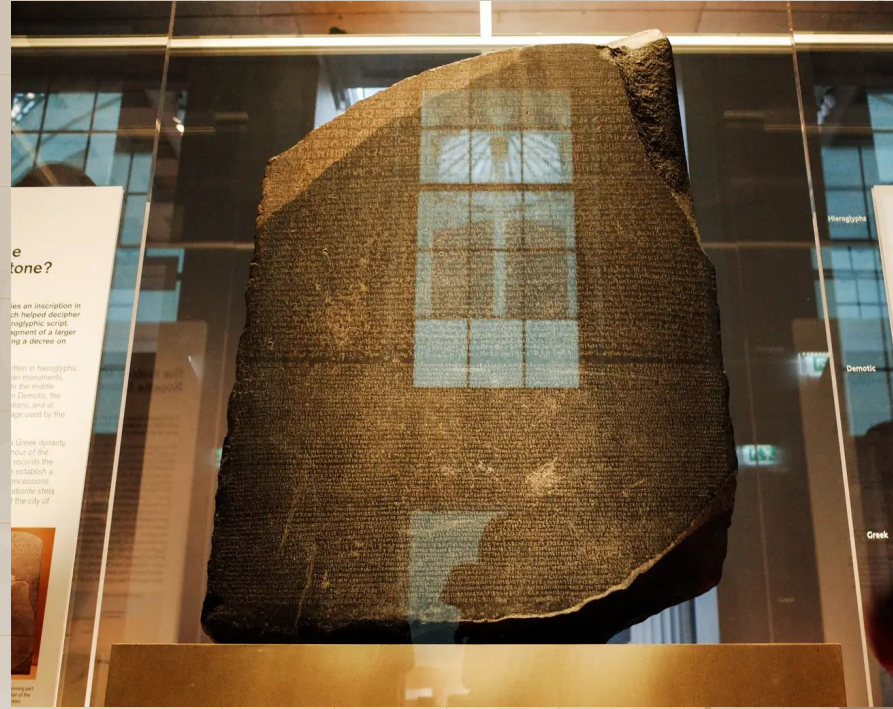

How do the mask's original owner feel when he/she loses the mask and can never get it back?

How do people from Africa or Asia feel when they see their cultural artifacts on display in a western museum but can never get them back?

Students Feedback

for teaching a super
cool class!! I really
enjoyed The 3D printer.

Parent /Teacher Feedback

“Thanks for teaching this wonderful class! My kid really likes it.”

“You can see she is very excited!”

“He is very interested in 3D printing and has learned a lot from this class.”

Qingwan,

You have given our school such a wonderful gift with your expertise, time, and most of all enthusiasm! I am so grateful that you led our students in an exploration of art and technology. We would love to have you return in the future!

Sincerely,

Jen
